

Prince William County Solid Waste Division Backyard Composting Program

Composting turns leaves, grass and other organic yard waste into a rich soil amendment that can be used in your yard saving valuable landfill space. The Prince William County Solid Waste Division offers the Presto Geobin compost bin to residents for \$30/each. There is a limit of 3 bins per household and we accept cash or check only (sorry no credit cards). Supplies are limited and prices subject to change without notice.

Features:

- Lightweight plastic hoop-style bin
- 36" in height and adjustable to 3 ft. in diameter
- 17.6 cubic feet (0.65 yards) capacity
- Easy to assemble and includes instructions for composting
- Holds compost neatly in place
- Ventilating holes admit air and moisture
